J. LLOYD TURNER

Patrons:

As Manager of the Arena, I wish to express to the fans of this City my deepest appreciation for their support since the installation of artificial ice.

A continuation of that support is earnestly solicited for the coming season. Your entertainment is being greatly enhanced by the promotion of high-class Amateur hockey. Within a short time we hope to develop in Calgary a Club capable of winning the Allan Cup. This season we are starting with that as our objective, and we trust the plans undertaken will eventually realize that achievement. Personally, I feel that a Club may materialize in our League this year which will go far in the Dominion playdowns, if not actually win that coveted Trophy.

I wish to assure the fans of our desire to render satisfactory service at all times. You will assist us considerably in maintaining a consistency in that service to you by reporting any irregularities or breaches of civility by our staff.

Again thanking you for your patronage, I am,

Very sincerely yours,

J. LLOYD TURNER.

If the puck passed forward from one zone to another is taken by a player of the same side who was not in the zone from which the pass was made, play shall be stopped and the puck "faced" at the spot from which the pass was made. Players from an attacking team must not precede the puck into the attacking zone. If a player should cross the line before the puck, the play shall not be stopped unless the puck crosses the line. For an infringement of this rule the referee shall order a face-off in the neutral zone five feet from the line dividing the neutral zone from the attacking zone im-

mediately opposite where the infringement took place.

Kicking Puck

THE BRONKS

Since last season the Bronk Club has been completely reorganized, with that well known and popular sportsman Jim Hammill as their President.

Jim is one of Calgary's real live-wire sportsmen, and is certainly entitled to the whole-hearted support of the hockey fans of this City.

In Reg Mackie he has picked a real coach—one who will get everything there is in a Club. He is popular with his players, but is the real fighting type of a leader.

The team itself has some of the real favorites of the past—some of them who have made hockey history for Calgary. In addition they have added to their strength with some of Alberta's outstanding players—players who have shown here with leading Clubs in the Allan Cup play-offs.

All in all, the Bronk organization for this present hockey season looks exceptionally strong—from the President to the water boy. So here's hoping they enjoy what they deserve—a real successful season!

## THE RANGERS

The Calgary Rangers Hockey Club should make history for themselves and will be well out to the front in the Alberta Senior League race, and from all appearances should be fighting with the other Calgary contender—the Bronks—for the League championship.

Starting out a few years ago under the colors of the Maroons, this franchise was soon acquired by two of Calgary's leading sportsmen, Ed Roberts and "Bill" Gibson, and with a revamped Club they changed the name to the Rangers. Although fighting an uphill battle for a number of years, they always were in the thick of the fray, and broke into the play-offs three years out of four.

For the coming season the Rangers have made plans and have set as their goal nothing short of Allan Cup finals, backed by an organization of leading Calgary business men with Mr. Fred Johnston at the helm, Harry Washaw as business manager, and coached by "Rosie" Helmer, and with a line-up of some of the outstanding players in Alberta, and backed by a set of officials who are optimistic enough to expect nothing short of the best, the Rangers are out to give the fans of Calgary a high class brand of winter's entertainment, and bring to Calgary the highest hockey honors possible.

rules governing goal-keepers and have the same privileges.

#### Interference with Goal-keeper

12a. If a player of the attacking side not in possession of the puck stands at or near the goal of the defending side, in what is known as the crease area, and a goal is scored, then the goal shall be disallowed and the referee shall order a face-off at a point five feet beyond the line marking the defense zone of the defending side.

The crease area shall be rectangular in shape. The line between the goal-posts shall be extended one foot from each goal-post, then from these points lines shall be drawn at right angles to a point five feet from the goal-line in the direction

of centre ice. A line parallel to the goal-line shall be drawn to connect these two points, making in all a rectangular area eight feet by five feet. The line shall be one and a half inches wide and shall be coloured.

#### High Sticks

13. The carrying of sticks above the height of the shoulder is prohibited and shall be penalised with a minor penalty.

14. When any player carries or holds his stick above the height of his shoulder so that injury results to the face or head of an opposing player, the referee shall have no alternative but to impose a five minute penalty to the offender which shall be recorded as a major penalty.

**HAROLD "SPUD" MURPHY**

No need to say very much about Harold because everybody knows or has heard of his ability to coach a hockey club. There is no doubt that within a few years Calgary will have more than her share of National Hockey League stars in action, mostly due to Harold's foresight in organizing the Pee-Wee League.

Pee-Wee Hockey is one of Calgary's most popular and best organized sports.

Harold W. (Spud) Murphy (the sole originator and organizer of this League in Calgary), feeling that the youngsters were not getting the proper bringing up in our great national game, decided that this was the only practical way of bringing these future National stars along. He therefore organized the League last fall.

To say that Spud took a chance is putting it very mildly, as the financial obligation in equipping this entire League was plenty, the Clubs being fitted out like Major Leaguers. No expense was spared.

The sport loving fans of this City got behind the idea, however, and gave their whole-hearted support, to Spud and his boys, and this League is again looking forward to the patronage of the Calgary citizens to enable them to carry on their good work.

## PEE-WEE HOCKEY

**LEO**

Spud's twin brother has the honor of coaching the Montreal Maroons. Last year his Club was voted for the fan minute rallies, and on more than one occasion his team tied the score with less than one minute to go. Should they start the season where they finished last year, the Maroons should win the Stanley Cup. Good luck, Leo!

Throwing of stick in any other zone shall incur a major penalty.

## Introducing Junior Hockey

Calgary has always been noted for the players it has sent up from Junior graduation to the top-notch mounted ranks. Among those who have made names for themselves in Professional circles are included Paul and Tiny Thompson, Vic Ripley, Irvin Frew, Joe McGoldrick, Pete Sande, Dutch Gamor, Sweeney Schirner, Lorne Carr, Sam Timmins, Fred Hergert, Tony Savage, Herbie Lewis, Les Cunningham, Eddie Wares, Bert Gardner, and many others.

All these lads were first heard of in Calgary Junior Leagues, and even then their work was so good it attracted the attention of scouts who eventually placed them on the road to the top. In the past few years, Junior hockey in Calgary has been every bit as good as it ever was.

Old-time Calgary observers claim there is plenty of Big-League material in the Junior League operating this winter at the Arena. What is lacking, however, is the old-time support and patronage Calgarians used to accord Junior Clubs.

In spite of the fact that the impressive list mentioned graduated from Calgary Junior ranks, only one Club, the Calgary Canadians of 1926, was successful in bringing the Dominion's Memorial Cup, and the glory that goes with such a triumph, to this City.

Those winning Canadians admittedly gave part credit to the local fans who supported their cause so nobly at that time.

This year Calgary Juniors have their heart set on capturing Dominion honors again. Financial support at the gate, however, is a necessary requisite.

#### Penalty Shot

not, at that moment, serving a penalty. While the shot is being taken the players of both teams shall withdraw to the sides of the rink. The player taking the shot may do so from a stationary position or may be in motion but may not make any contact with the puck once it has left the circle. The goal-keeper of the defending side must take a stationary position immediately in front of his goal and must not advance more than a foot in front of his goal-line while the shot is being taken. Should he fail to do so the referee shall order another penalty shot. Should the player taking the shot have any contact with the puck after it has left the circle, and the puck enter the net, the goal shall be disallowed and a second attempt shall not be permitted. Should a goal be scored from a penalty shot the puck shall
